DISHA SHARMA

Web Developer

📞 836870XXXX @ dishasharmajimsvk@gmail.com 📍 New Delhi

SUMMARY

I am a proficient web developer specializing in HTML, CSS, PHP, and database management systems (DBMS). With a robust skill set in problem-solving, I excel at diagnosing and implementing optimal solutions for intricate technical challenges. My creative prowess is evident in crafting intuitive user interfaces and integrating cutting-edge functionalities to elevate user engagement. I uphold meticulous standards in code quality, ensuring seamless performance and compatibility across diverse platforms. Dedicated to continuous professional growth, I stay at the forefront of emerging technologies and industry best practices. A collaborative team player with strong communication skills, I proactively contribute to project success by aligning with strategic objectives. Agile and adaptable, I thrive in dynamic project environments, delivering innovative solutions that exceed client expectations.
